Ceco Bin Press

The Ceco Bin Press is ideal for volume reduction of mixed waste into wheelie bins. Up to 4 : 1 reduction can be achieved by using this machine, thus reducing the number of bins required, space needed for storage of bins & frequency of bin collection. The machine is suitable for Hotels, Restaurants, Deli Counters, Schools, Shops, Etc. A base lifting plate lifts the bin during compaction to prevent any damage to the bin wheels. Two handed controls ensure operator safety.
